Subject: Columbia Smelting/Red Hook Ball Fields Call

Good morning,

Last week EPA (Eric Wilson, the site attorney and me) had a call with NYC Parks to initially discuss the draft Administrative Order on Consent under which they'll be conducting the Columbia/Red Hook Ball Fields removal action. Some of their concerns focused on including provisions for the design. Eric and I would like to have a call with you all to discuss:

- whether the demarcation layer needs to be impermeable,
- alternatives for tree removal, including access restriction and mulch or less than 12" of cover, and
- requirements associated with the Restrictive Covenant as the institutional control.

Can you please let me know if you're available the following times?

- Today from 3-4
- Tomorrow (Thursday 9/10) from 9-10 or after 11
- Monday 9/14 before 3
- Thursday 9/17 anytime

Thanks!

Margaret Gregor
